Project Compassion Give Lent 100%

Excitement is mounting as the competitive side of the Project Compassion appeal draws to a close. Students and staff have together devised a number of new and old ways of raising funds for a good cause everything from the traditional bake sale to the staff student netball matches. Caritas Australia each year builds a wonderful program on its web site to connect the generosity of the giver to those who will receive their help. In schools and parishes around Australia we are learning about the many communities who will be helped by Project Compassion. This year they have offered us a picture of life for communities in Central Australia working to improve the lives of those suffering from Kidney disease. They have also studied the needs of communities in Zimbabwe, the Solomon Islands, Indonesia, Vietnam and Bangladesh. Parents are no doubt supporting their daughters' contributions and may like to give one last donation in the final week.

How much fun is School in Week 10 and 11 at St. Dominic's Priory College? It is, as the millennial teen vocab would describe it, "Very Fun!"

Our students have, in the last few weeks, been showered with opportunities to learn from specialists beyond our school thanks to their forward-thinking teachers.

Take for example **Year 12 students:** Your daughter may have been one of those visiting a Melbourne Art Gallery exhibition recently; or, this week, attending one of the French Festival films. Year 12 Religious Education students have recently visited a Greek Orthodox church and St. Peter's Cathedral, and done some extra study in the most beautiful Gothic Revival Chapel in SA viz.,

St. Dominic's Priory. On Friday, a Year 12 RE class will visit the Quaker Meeting House In North Adelaide. Year 12 Chemistry students recently learnt about Chromatography and Atomic Absorption Spectroscopy in an excursion to Flinders University.

Year 9s had a wonderful experience today at the Migration Museum, as part of an MYP Year 9 English unit focussing on Poetry; part of their service unit. Meanwhile **Our Year 7 students** are preparing to leave for a three day camp next week at El Shaddai.

From their reflections in last week's Bulletin, **Year 3 and 4** clearly had a wonderful time learning a range of swimming skills.

Next week, a lucky group of **Year 10 and 11 students** will travel, with Ms Toni Riccio and Mrs Josie Revesz, to **Italy on a Language and Art excursion.** We wish them a safe and wonderful experience. The word is also out for students who may be interested in the French trip to Noumea which is advertised in today's Bulletin.

Reports and Parent Teacher Interviews:

On next Tuesday students in Years 7 – 12 will take home their Term One Report. Inside that report there will be a flyer with full details of the system for online booking of Parent Teacher Interviews; to take place on the first Wednesday of Term 2 and the following Monday. Watch out for these details and be sure to ask your daughter for both her report and this information early next week.

**PLEASE NOTE: NORMAL DISMISSAL TIME
ON FRIDAY 12 APRIL [last day term 1]**

**TERM 2 COMMENCES TUESDAY 30 April
[winter uniform is worn]**

Sr Jillian Havey, Principal

Primary News

from Ms. Cate O'Leary
Primary School Coordinator

"We often take for granted the very things
that most deserve our gratitude."
Cynthia Ozick

Thursday Night Netball

Netball begins in week 2 next term for our **Year 4, 5 and 6 students**. We have had a very good response and are grateful to the parents who have put their hands up to coach and team manage. We will be in touch with families with more details as soon as all teams have been finalised. We look forward to the netball season and watching the enthusiasm and talent on the court!

Primary Parent-Teacher Interviews

Thank you to the parents who were able to attend on Tuesday night. It is important to communicate and celebrate your daughter's successes and growth points and then set goals for Term 2. If you missed out on making an appointment there is another P/T interview day next Wednesday and the portal is open and will close Tuesday 9th of April at 4pm.

For those of you with older daughters in Years 7-12, please note that the Secondary Parent-Teacher Interviews will take place in Term 2 and information about the booking process for these will come home with reports.

Class Liturgy

Last Friday afternoon the **Year 2 and 5 classes** had a buddy class Liturgy in the Music space. We thank all the parents who were able to attend. The theme was gratitude and being thankful for what we have and how fortunate we are. Thank you to the girls who lead us so confidently in prayer and song.

Assembly

The **Year 2 Class** presented Assembly this week. We thank the Year 2 students, Mrs Saint and Ms Osborne for organising an interesting and engaging assembly.

Project Compassion: Bread Roll Day

Week 11, Friday 12 of April

You will receive a note this week about our Bread Roll Day for Project Compassion. Part of the aim of the day is for the girls to understand about limited availability of food, and lack of variety, that millions of children encounter everyday of their lives. We also thank the many families who have made donations to their daughter's class Project Compassion box.

Lucy McPeake and Millie Johnson in Year 6 are to be commended on the leadership qualities they displayed hosting the visiting SANFL players at the recent Primary school gathering.

Wellbeing

All classes will focus in Week 10 and 11 on GRATITUDE. Discussions and role play at school will be centred around this theme. In partnership with school and home you can support your child with open discussions about positive aspects of their day and what they are thankful for. Taking a positive angle helps children develop a sense of appreciation for others, their environment and supports positive self-worth. As parents, students and staff it is important to model this mindset and reflect on what are we grateful for at St Dominic's Priory College.

Friday Morning Mass

Our **Year 3 Class** are preparing for this Friday's Mass. We remind the girls to be at school by 8:05 ready for our mass in the Chapel at 8:15.

In and around the classrooms:

Year 5 Cheers!!

The Year 5 class had a fantastic time constructing their cheers over the course of the term. It was a fun but challenging experience to make the pompoms and also create the cheers. We had to work cooperatively with teams ranging from 5 members to 10 members. We were all so happy with the end result and thought all of the cheers packed some punch! Pompom making was laborious but extremely worth it as it made our cheers colourful and eye-catching. We wish next year's group luck.

By Jessica, Lilli and Harper

YEAR 5

SAPSASA Metro Championship

Congratulations to the St Dominic's girls who represented North Adelaide at the Metro Swimming Championships last Thursday.

Alyssa Tran (Year 6) made the final of the Under 12 Backstroke, and Bree Copeland finished 6th in the Under 12 Breaststroke final.

Congratulations to Piper Cameron (Year 4) who won the gold medal for the Under 10 Relay, Bree Copeland (Year 6) who won a silver medal in the Under 12 Relay, and Hannah Cameron (Year 7) who won a bronze medal in the Under 13 Relay.

North Adelaide finished 2nd Overall

A fantastic effort by all of the swimmers.

Mrs Michelle Richter

Last Thursday, Morgan Hillman, Alyssa Tran, Bree Copeland, Hannah Cameron, Jasmine Le and myself attended the SAPSASA Metro Championships at the Marion Swimming Centre. It was a long day and I had to wait for ages for my event. It was worth the wait because my relay team came first and I won a gold medal and I have my first Metro jumper. St Dominic's did really well and the North Adelaide District came 2nd overall.

Year 7 Cricket Unit Visit to Adelaide Oval

This term, as part of our Cricket Unit in PE, the Year 7 Class went on an excursion to Adelaide Oval where SACA (South Australian Cricket Association) ran a clinic for us. Some of our cricket-related games played were *ready, aim, fire* (where we tried to hit the big cricket balls with the small ones to the other team's side) and a series of cricket relays using skills like bowling, batting, fielding, and running. It was really fun and we improved our skills.

On a tour of Adelaide Oval, we got to see amazing things like the Journalist Wing, where you could see a fantastic view of the oval. We got to walk through the entrance that the international cricketers use, and our tour guides played a soundtrack that made it sound like we were walking out into a screaming crowd of fans. It felt so real! We toured the change room and put our hands in the ice baths; they were freezing! We saw the Crows and Port Power training rooms, and "trained" in the Away team's change room. We got to sit in the Team Meeting Room where our teacher gave a performance on what a Geelong coach would do in a pep talk! We also got to go inside the heritage listed scoreboard. This scoreboard is one of the only manually operated scoreboards in Australia, needing four people for it to work.

It was a super fun day, and we all learnt so much. If you have a chance to do the tour, then you should definitely go ahead and do it because you get to see so many things that you have never seen before, and from so many different perspectives. Our favourite part was when we walked through the entrance and heard the screaming fans! We really felt like a cricketer.

Willow Rann and Ayo Adejoro 7B

Kangaroo Island

Year 10 Geography Field Trip | March 21-22 2019

The Kangaroo Island trip was interesting, it is also my first time to go to the school excursion. The thing which is my favourite is tobogganing in Little Sahara. The accommodation is well equipped and I got to know more about the formation of coastlines, ecotourism. - **Yiwen Chen**

Each beautiful place we visited gave us an insight into what a natural coastal environment should look like. We also got to visit other tourist attractions like *Clifford's Honey Farm*, and the *Emu Ridge Eucalyptus Oil* distillery. The highlights of the trip were the *Little Sahara*, visiting the seals at *Seal Bay*, and the stunning landscapes in the *Flinders Chase Park*. We all thoroughly enjoyed the ferry rides and the long drives with our bus driver Mick, who was very knowledgeable about all of Kangaroo Island's beautiful features. Overall, the trip helped us understand the ways we need to preserve the natural coastline. - **Claudia Kretschmer**

It was an exhilarating and eye-opening experience. - **Monica Pham**

We travelled to many beautiful beaches which are very different to Adelaide's coastline. - **Hannah Nguyen**

It was a memorable trip. From girls eating sand to Mr Coleman's laugh sounding like a crow. - **Lelia Tran**

I would definitely be recommending it for anyone wanting to do Geography in Year 10.

- **Efstathia Venetsanos**

Every single beach we visited were extraordinary and I would love to go back one day. - **Andrea Gan**

Looking at how headlands and bays had eroded over time was cool as there was evidence of erosion first-hand. Doing all the activities in between like *Little Sahara* and *Seal Bay* was also fun because it broke up the trip and it wasn't all work and examining dunes and beaches.

- **Isabella Smith**

My favourite moments were tobogganing down *Little Sahara* and going to *Seal Bay*, it was an amazing experience and something I will cherish forever!!!

- **Angelica Ietto**

Whether it was just admiring the stunning view of an untouched coastline or exploring rock pools and caves, everyone had an enjoyable time. Along the way we also got to stop off at local businesses where we could pick up a gift of some sort for our families back in Adelaide. Our class also got to see two of the things which Kangaroo Island is most famous for: *Remarkable Rocks* and *Admiral's Arch*. They were both rather 'remarkable' and something that I would for sure want to see again.

- **Kayla McConnell**

Year 12 Chemistry @ Flinders

On the 28th of March, the Year 12 Chemistry Class embarked on a scientific journey to Flinders University to learn about *Chromatography and Atomic Absorption Spectroscopy*. We had the opportunity to work with university students, explore concepts such as polarity and learn Chemistry behind separating glowsticks.

We really enjoyed taking time out of the classroom to do some hands on work using professional equipment. We would like to thank Ms Kennedy for organising such a fulfilling experience and Flinders University for educating us.

Dania Alkhazrajy and Gabriella Candidio

PROJECT COMPASSION

WEEK FIVE
Salma's Story

Salma featured in Project Compassion 2013. At the time she was pregnant with her first child, sick and terribly frightened. In distress, she sought the help of a midwife trained by Caritas' Safe Motherhood Program. Six years on, she's now a healthy mother of two strong, happy children. Salma is committed to giving her children the education they need to provide them with the future she hoped for.

Please donate to Project Compassion 2019 and help reduce infant mortality rates in countries like Bangladesh and provide hope to pregnant women in remote communities for happy and healthy families.

Lives change when we all give 100%. You can donate through Project Compassion boxes, online at www.caritas.org.au/projectcompassion or by phoning 1800 024 413

Year 9 French Film Festival

On Wednesday March 27 the Yr 9 French classes went to a school screening of *'Dilili in Paris'*, at the Palace Nova Prospect Cinema on Prospect Rd.

It is set during the Belle Epoque era in France where a young Kanak girl, Dilili, finds herself in the midst of a mysterious kidnapping case involving the young girls of Paris. Accompanied by a delivery boy, Orel, together they meet many extraordinary men and women who take part in saving the kidnapped girls. The film was intriguing and helped us have a better understanding of famous people in French history.

"Le Film est super!"

Jiya and Nguyen

Bonjour a` tous! Attention Year 9 - 11 French Students NEW CALEDONIA STUDY TOUR Proposed Language and Cultural visit to Noumea

New Caledonia is Australia's closest French-speaking neighbour and, as such, can demonstrate to students how far-reaching French is as an international language - beyond the confines of Europe.

Letters have been sent home to Year 9-11 French students seeking expressions of interest for a small group of Senior French students to tour this region. If you would like to know more, please email Ms Liana Bosco, French teacher: lbosco@stdominics.sa.edu.au Merci!
